and provide your name and faith  
and/or union affiliation (if any).  
Questions? Call Gail @ 603-381-7324

*We’ve signed petitions and rallied together to call for a living wage for all workers so that no individual who works full time lives in poverty ♦ We’ve testified at NH House and Senate hearings and prayed and witnessed together in the Legislative halls in support of workers and their collective bargaining rights when unions were under attack. ♦ We’ve championed the dignity and worth of the public sector workers in our midst who are part of the backbone of building and sustaining “beloved community” in NH.*

**NOW** it’s time to be more intentional in exploring the common bonds and shared moral grounding of Faith and Labor and to consider the power and potential of growing “deep solidarity” between Faith and Labor in New Hampshire. Together we will have an opportunity to get to the heart of our common calling – and the information we share in small group conversations will be harvested to identify key themes and calls for action.

*Please join the NH State Employees Association, SEIU Local 1984; the NH AFL-CIO; the American Friends Service Committee-NH Program; the NH UCC Economic Justice Mission Group; conveners of NH Voices of Faith; and our allies for this gathering.*
