Dear Friends,

Please accept my apologies for being unable to join with you and your partners at today's Day of Action but know that my thoughts are with you. This is a valuable opportunity to come together in support of immigrant communities across our state and country.

Last month I was proud to join the New Hampshire Congressional Delegation in calling on Acting Secretary of Homeland Security Chad Wolf to answer serious questions about the spread of COVID-19 at immigration detention facilities, including one in New Hampshire. Recent reports demonstrate the dangers this pandemic poses for detainees, facilities, staff and the communities where facilities are located. Please know I remain committed to working with the Delegation to hold the Department of Homeland Security accountable for protecting health and safety in its facilities.

On behalf of New Hampshire's Second Congressional District, I thank all of you for your important work. I appreciate all you do to make the Granite State a wonderful place to live, including for those who may be making it their new home. On this Day of Action, let us recommit ourselves to this important cause—a cause that elevates acceptance and compassion in our state.

Sincerely,

A handwritten signature in blue ink that reads "Ann McLane Kuster".
